

TROOPS FIRE
ON MARCHERSTwo Workmen Fall Dead
and Many Others Injured

DISTURBANCE RESUMED

Early This Morning Several Hundred
Started to March on Winter Palace
and Refused to Disperse When
Ordered.

St. Petersburg, July 12.—After several months of comparative quiet there was a demonstration of workmen in the Russian capital today. Early this morning a crowd consisting of several hundred workmen and their sympathizers met in Nevsky prospect and started to march toward the winter palace, carrying red flags and singing revolutionary songs. The police ordered the marchers to disperse but the workmen refused and the officers charged the crowd.

When order had been restored, it was found that two workmen had been killed and many were injured. The remainder of the marchers scattered in all directions.

TURKEY MUST ACCEPT.

Relations Are to Be Broken If No Ambassador Is Accepted.

Washington, July 12.—Turkey must accept a United States ambassador or diplomatic relations will be broken off. This, in effect, is the unvoiced ultimatum that is offered the Sultan, who has been procrastinating in characteristic fashion in acknowledging the new diplomatic position created by the session of Congress just closed. As a matter of fact, the United States today has no representative at the Turkish capital. There is no longer such an office as United States minister to Turkey. Congress abolished that office when it created the post of ambassador. The matter now is up to the Sultan. He is to accept the new official, either Mr. Leishman, or someone else if he is personally objectionable, or the United States will not have any representative at the capital. The Sultan either must receive or refuse to receive Mr. Leishman as United States ambassador. Unless the refusal is based upon personal grounds, diplomatic relations with Turkey must be severed. If the issue is forced, the burden of guilt will lie with the Sultan.

A PROMOTION
FOR DREYFUSHe Is Also Proposed for Election to
Legion of Honor—Honors
Piling Up.

Paris, July 12.—The government today presented to the chamber of deputies, measures providing for the promotion of Captain Dreyfus and Colonel Picquart, to further the honor proposed for Dreyfus in his election to the Legion of Honor.

The measures for rehabilitation of the two officers and their promotion were referred to the army commission which later unanimously approved of them.

ON PLEA OF INSANITY.

Was Acquitted for Killing a "Holy Roller."

Seattle, Wash., July 12.—George Mitchell, a youth who recently shot and killed Frank Edmunds, a "holy roller" prophet, and was acquitted of the charge of murder on a plea of insanity, yesterday was shot and killed by his sister, Esther, in the Seattle union station.

Esther Mitchell joined the "holy rollers" sect at Corvallis, Ore., and was one of the most ardent of Edmunds' followers. When her brother pursued the leader of the "holy rollers" to Seattle and shot him in the street, he pleaded in justification that Edmunds had deluded and wronged his sister.

HOPE IN ISLE OF PINES.

United States Expected to Hold Sovereignty.

Havana, July 12.—S. H. Pearce, the special Isle of Pines delegate, has returned here from Washington. He says he had sufficient votes in the United States Senate to defeat the sovereignty treaty but preferred for the present a continuance of existing conditions in the hope that the Dick resolution will eventually prevail, after which Cuba would be unable to induce the United States Congress to relinquish temporary sovereignty, no matter what President Roosevelt or Secretary Root desire.

MARRIED DIVORCED WIFE.

Judge MacLeary of Porto Rico to Give Former Wife Another Trial.

Philadelphia, July 12.—Announcement was made last night that Judge James MacLeary of Porto Rico, associate justice of the supreme court of Porto Rico, was married here Wednesday to Mary King MacLeary of Auburn, N. Y., from whom he was divorced in 1901.

The ceremony was performed by the Rev. Frederick J. Clark, assistant rector of Holy Trinity, P. E. Church.

RAILS SPREAD.

Causing Wreck of Passenger Train—One Passenger Hurt.

Chicago, July 12.—Passenger train No. 26, due here from Cincinnati this morning, was wrecked between Fair Oaks and Roseland, Ind., by the spreading of the rails. No passenger was hurt. The engine turned over and the express car, which was carrying baggage and day coach and two sleepers left the rails but did not lose their balance.

"GREEN GOODS" MEN.

Captured After Exciting Time in Fishkill Landing Hotel.

New York, July 12.—On information supplied by the postal authorities detectives from this city arrested yesterday in a hotel at Fishkill Landing, N. Y., Charles Sherwood, 35 years old, and Michael Ryan, 60 years old, who are alleged to be experts at the "green goods game." Sherwood fought to escape and was beaten severely by the detectives. Ryan jumped out of a second story window but failed to get away. The postal authorities learned some days ago that "green goods" men were operating up the State and requested help of the New York police. Soon after detectives reached Fishkill they located the alleged operators at a hotel. Two postal inspectors disguised as farmers answering green goods literature met Sherwood and Ryan at the hotel yesterday and were taken to the second floor. Meanwhile the detectives waited down stairs for a given signal. Becoming alarmed after an hour had passed and no signal had been given, the detectives ran to the room and burst in the door.

Sherwood bolted for the door and received a blow on the chin from one of the detectives. He went down but got up again and grappled with the officer. The latter struck him again, and he fell against the wall and sank to the floor unconscious. Meanwhile the other detectives were after Ryan who had leaped out of the window, carrying the sash with him. One of the detectives had jumped after him and the others ran to the yard below to head the man off. When they reached the yard they found Ryan in the custody of the detective who had followed him through the window.

Sherwood, bleeding profusely from a scalp wound and abrasions of the chin and face was brought with Ryan to police headquarters in this city and after receiving treatment from an ambulance surgeon was taken to a cell. He and Ryan were locked up on United States warrants.

ONE POOR PUT
LOST EAGLE MATCH

Champion Amateur Golfer Lost Yesterday Afternoon to George S.

Lyon of Toronto, Canada.

Englewood, N. Y., July 12.—George S. Lyon of Toronto, Canada, put H. Egan, the star of Chicago out of the amateur golf championship in the second round at match play on the Englewood golf club's course yesterday. Egan was fighting hard to retain the championship title, which he had cleverly won and held during the last two years, but Lyon led him almost every inch of the way, and finally won out on the twentieth hole.

There have been many upsets in this year's championship tournament, but the defeat of the champion by the Canadian player was the greatest surprise of all. Two years ago, however, Lyon and Egan were finalists in the Olympic championship golf contest at St. Louis, and then the Canadian beat the Chicago player by three up to two to play. Egan played poorly yesterday afternoon and by missing a seemingly easy putt on the home hole lost the match and the title. He was one up at the 17th hole, where by one word Lyon should have had a half.

Both players drove the home green, Lyon then having a treacherous approach putt to make. Egan rimmed the cup on his third shot, while Lyon got down in three, making a tie. They halved the 19th hole in four and Lyon won out with a well played four on the twentieth green.

Egan, who was four down at one stage of the game, played good golf, coming in, but his work on the putting greens was not up to his usual mark and this defeat robbed him of the chance to make a record as a triple winner. The defeat of the champion was, however, the only feature of the day's play, notwithstanding that Walter J. Travis, the former American and British amateur champion, made a new amateur record of 74 for the re-arranged course.

INVESTIGATING ACCIDENT.

A Brakeman Thinks Flanges on Trolley Opened the Switch.

Buffalo, N. Y., July 12.—Coroner Helwig of Niagara county yesterday began an investigation into the Martinville trolley accident of Wednesday night, in which five lives were lost. John D. Rayner, a brakeman on the freight train, was the only witness.

His testimony in part was as follows: "I stood within a few feet of the target when the passenger trolley cars swung from the main line into the siding and hit the freight train. I am positive that the switch at the east end of the siding was closed when I signalled for the passenger cars to come on. The switch light did not turn all the way around, as it should, when the switch is opened; it only turns two-thirds around, so that one coming west can see parts of both red and white lights. I signalled the passenger cars to come ahead of the freight train and saw the trolley car wheels must have been worn thin, and that the switch, which was worked automatically, was forced open by the flanges.

STRUCK BY TRAIN.

Bennington Man's Body Was Found This Morning.

Bennington, July 12.—John Angelucci, a mason employed on the V. M. C. A. building, was found dead in the railroad yard at East Bennington this morning. Apparently he had been struck by a night train. He was 45 years of age. He was a native of Italy and had lived in Bennington about two years.

BUILDINGS BURNED.

Alex. Devlin of Highgate Falls Had a Small Insurance.

Highgate Falls, July 12.—The house and barn of Alex. Devlin were burned to the ground last night, with their contents, including the live stock. The family was asleep when the flames broke out, and the cause is unknown. There was small insurance.

SCANDAL
STIRS TOWNWest Townshend Woman
Tries Suicide

BUT SHE WILL RECOVER

After Being Caught by Her Husband in Compromising Circumstances, She Swallowed Strychnine—Her Companion Arrested.

West Townshend, July 12.—After being found in compromising circumstances by her husband and a constable, Mrs. F. A. Blood swallowed a large amount of strychnine last Wednesday noon. It is expected, however, that she will recover. Her husband, who was supposed to be out of town, was watching the house with a constable. They found Charles Morgan of Jamaica in the house and arrested him. He is now held for the September term of county court.

A few days ago Mr. Blood announced that he was going away for a time. Wednesday he suddenly returned, and accompanied by Constable Van Ness, went to his home, where Morgan was placed under arrest. A few minutes after Morgan had been taken from the house, Mrs. Blood swallowed a quantity of strychnine. Medical aid was promptly summoned, and it is believed that she will recover.

Morgan was arraigned before Justice W. H. Taft at West Townshend. Through his counsel, A. V. D. Piper of Jamaica, he was examined and was held in \$300 bail for the September term of the superior court.

Both Morgan and Mrs. Blood are prominent in musical circles. Morgan having organized brass bands in Newfane and Wardsboro, and Mrs. Blood being organist in the church in West Townshend.

Some social affairs which had been arranged in West Townshend have been postponed on account of the episode. Mr. and Mrs. Blood have one son and Mr. and Mrs. Morgan have two boys and two girls.

SEVEN GIRLS DROWNED.

Smallest One Slipped into a Deep Hole and Others Tried to Save Her.

Cedar Rapids, Iowa, July 12.—Seven girls, ranging in age from seven to sixteen years were drowned yesterday in Cedar Rapids. They were taken from home while wading. The smallest child slipped into a deep hole and in trying to rescue her, six others were drowned. The dead are: Lucille Hazel, Gladys and Jessie Sweeting, Clara and Cora Coyle.

Ruth Kiersky, the only one of the party to escape, said they were all wading when Lucille Sweeting slipped off a shelf in the river bottom into deep water. Hazel Sweeting rushed after her and slipped into the hole. The five other girls rushed one after the other into the hole, trying vainly to save each other. Ruth Kiersky then ran home and gave the alarm.

ONE BODY RECOVERED.

Miss Grace Brown and Carl Graham Drowned in Adirondacks.

Utica, N. Y., July 12.—The body of Miss Grace Brown of Otisville was recovered from Big Moose lake in the Adirondacks yesterday afternoon. The lake is still being dragged for the body of her companion, Carl Graham of Albany.

The young people arrived at Big Moose Wednesday, and after registering at the Glenmore hotel secured a boat and went out on the lake for a row. At noon yesterday the boat was found upside down. Efforts are being made to locate relatives of the couple.

YOUNG CAMPER IS DROWNED.

Clifford Bailey, Jr., Caught by the Undertow at Hampton Beach.

Hampton Beach, July 12.—Clifford Bailey, Jr., of Newton, Mass., one of a party of boys, who have been camping here, was drowned while bathing late yesterday. He was caught by the undertow and dragged into deep water. He was 14 years old. His father, Clifford Bailey, is a policeman in Newton. The body was recovered.

WOUNDED IN DUEL.

Lieutenant Andre Was Victim of Sword Thrust.

Paris, July 12.—A duel with swords was fought today between Paul Cassagne, Jr., and Lieutenant Andre, son of General Andre, former minister of war, because of a quarrel which arose over a reflection upon Paul Cassagne, Sr., contained in the memoirs of General Andre. Lieutenant Andre was wounded in the encounter.

GLIDDEN TOURISTS.

Left Auburn, N. Y., This Morning for Utica.

Auburn, N. Y., July 12.—The Glidden tourists were sent away before nine this morning on a second day's run to Utica. The weather was superb and all were in fine spirits.

BRYAN WAS MUCH INTERESTED.

London, July 12.—Wm. J. Bryan today, lined with War Minister Haldane, Mr. Bryan told the Publishers Press representative this morning that he listened with great interest to Mr. Haldane's speech in the House of Commons yesterday and that he believed the scheme he advanced for the reduction of the British army may mark a new era in the general reduction of the armies of the world.

RUTLAND COUNTY
FUSION CANDIDATES

Differences Were Fixed Up and the Ticket Was Named Yesterday Afternoon.

Rutland, July 12.—The county conventions of the Democratic and Independent parties were held in this city yesterday and the selection of a county fusion ticket caused much wrangling. Several hot sessions being held by the joint committee appointed by the two conventions. The first ticket arranged by the joint committee was turned down by the Democratic convention, the unionists being in control at that time, as most of the fusionists had left the hall. The convention then nominated from the floor two senatorial candidates, a candidate for sheriff and two candidates for the office of probate judge. The remainder of the ticket being left vacant. These vacancies were filled in later, however, at a conference between the Democratic county committee and the committee from the Independent party, so that the ticket as it now stands is in reality a fusion ticket. Representatives of the Independent Labor party make a fight for representation on the ticket and secured one place on the senatorial ticket. The ticket as finally decided upon is as follows:

First senator, J. S. Carter of Rutland; Independent Labor, second senator, A. J. Russell of the town of Rutland; Independent Republican; third senator, J. S. Durick of Fair Haven, Democrat; fourth senator, J. E. Burke, of West Rutland, Democrat; state's attorney, Harvey R. Kingsley of Rutland; Independent Republican; judges of probate, T. C. Robbins of Rutland and H. L. Clark of Castleton; side judges, J. D. S. Packer of Mt. Holly and S. Ellis of Fair Haven, Independent Republicans.

INDIGNATION FELT IN RUTLAND.

Rutland, July 12.—There is great indignation here among Democrats and Republicans over the fact that Clement's newspaper attempted this morning to give the fact that the Democratic ticket would fuse 34 to 14 last evening. Clement followers are trying today to get the endorsement of the Democratic county committee on a compromise ticket they fixed last night, allowing the Democrats two senatorial places.

Chairman T. W. Moloney of the Democratic committee stated today that the straight ticket, nominated by the Democratic convention will stand. Clement having conceded two senators, wanted both side judgeships in order to control the House commissioners. It is charged, however, that Clement is sick with jealousy. If his health permits he will start on a stamping tour the latter part of July. The same colored quartette as four years ago will accompany him.

DISCOVERED IN TIME.

Windham County Democrats Change Date of Convention.

Brattleboro, July 12.—The democrats of Windham county discovered yesterday that their county convention called for Aug. 7, would be too late for filing nominations and required 30 days before election, and the date was changed to Aug. 4. The republicans discovered the error several days ago, but said nothing. The democrats, however, the democrats' embarrassment of not having the nominations printed on the official ballots.

DROVE AUTOMOBILE
INTO THE RIVER

E. A. Davis, Cashier of White River National Bank, Had an Experience Yesterday Afternoon.

Bethel, July 12.—E. A. Davis, cashier of the White River national bank of Bethel, had a narrow escape from instant death yesterday afternoon. He had started for Lake Umbagog in his automobile, and was expecting to take the train for South Berwick on a pleasure trip. Just after leaving Bethel, in some way he lost control of the machine and dashed down a bank twenty feet into the river, landing there in the auto unharmed, except for a general shaking up. The machine was a wreck and is still in the water. Help was called from South Berwick and several went down from Bethel.

BURNED FIGHTING FIRE.

C. H. Stratton of Enosburg Falls Was Hurt.

Enosburg Falls, July 12.—A narrow escape from a serious fire owing to the lack of wind occurred at 1:30 o'clock Thursday morning, when the shed in the rear of C. H. Stratton's home which contained a large quantity of lumber, was consumed by fire. The fire was discovered by the barn was discovered to be all ablaze. The alarm was quickly given and by the heroic efforts of the fire department the fire was soon extinguished. The shed was a total loss and the barn badly damaged, but the main part of the house is unharmed except for smoke and water. Mr. Stratton had his face burned and received a wound on his forehead. He is being attended by Dr. C. A. Pratt, who hopes to have him out in a day or two. Meanwhile his work as rural carrier is being performed by his son and substitute, Max Stratton. The family are staying with their daughter, Mrs. J. A. Harvey. The total insurance on the property is \$2,500, all in the Vermont Mutual fire insurance company.

VERMONT RE-ELECTED.

Walter E. Ranger Again President of American Institute.

New Haven, Conn., July 12.—With a final general session in Woodbury hall last night, the American Institute of instruction closed its annual convention in this city last night. The place of next year's meeting was not selected, being referred to the executive committee, which will meet in January. Invitations were received from Jamestown, Va., and Buffalo, N. Y., while there was much sentiment in favor of Boston.

Walter E. Ranger, commissioner of public schools of Providence, R. I., was re-elected president.

COURT HOLDS
JAMIESON

For Examination By Grand Jury

AFTER HEARING TODAY

Charge Was Manslaughter in Connection With the Death of Fred A. Ainsworth at Williams-town.

Williamstown, July 12.—Following a hearing today Thomas Jamieson was bound over to the Orange county grand jury on the charge of manslaughter in connection with the death of Fred Ainsworth, who was fatally shot on the Jamieson farm shortly after midnight Thursday morning, July 5, being mistaken for a burglar. Bail was fixed by Judge C. U. Lathrop at \$1,500 and was furnished by Robert Mitchell and Alexander J. Young, the respondent being then released. The defense admits that Jamieson shot Ainsworth, but argued that the act was accidental.

The hearing was held in the town hall and there was a large attendance, the case having aroused great interest because of the strangeness of the circumstances, the victim of the shooting being a prominent citizen of this place and whose presence in the Jamieson barn is only accounted for by the fact that the man was demented and wandered there to commit suicide. Only three witnesses were heard, John Jamieson, brother of the respondent, Dr. E. B. Watson, who was first to respond to the call for physicians, and C. M. Seaver. Their testimony and the questioning of the attorneys occupied the greater part of the forenoon.

John Jamieson detailed the story of the shooting beginning with the time he and his brother reached home on the night of July 4, how they saw a light in the barn and when they called a strange man rushed out and Thomas, on the man's refusal to stop when ordered, shot the man dropped and they then discovered the victim of the shooting was Fred Ainsworth, the druggist. In response to questions the witness told how he had marked the various points of the immediate territory was pegs so as to fix the exact location of the affair. He corroborated a map of the place as presented by State's Attorney Wilson.

Dr. Watson testified as to being the first physician to arrive at the Jamieson farm, shortly after two o'clock. Soon after the arrival of Dr. W. D. Reid of Barre they held a consultation and decided that Ainsworth was too weak to permit of an operation. He declared that it was a fatal case. The patient was removed to Williamstown in the morning.

The testimony of C. M. Seaver related chiefly to the clothing of the deceased. The clothes had been taken from the body by Dr. Watson and were in a sack. This sack was taken by Mr. Seaver and George Ainsworth, brother of the victim, and placed in their team. They then started for Williamstown. Two miles away. On the way they met Mr. Edson, who asked Mr. Seaver to go back with him to the farm. Seaver did, leaving George Ainsworth to drive home with the clothes of his brother, Fred.

This clothing was kept for a few days and then a part of it was burned—the underclothes and trousers. Mr. George Ainsworth had said he had burned the clothes and why he did. The witness, Mr. Seaver, said he told the respondent's attorney, S. Hollister Jackson, not to state the reason for the burning of the pieces of the clothing. What there was left of the clothing was exhibited in court today.

The respondent, Thomas Jamieson, was in the court room, with his mother, father and other relatives. Following the testimony State's Attorney Wilson argued for the state and Mr. Jackson for the defense, after which Justice Lathrop gave his decision. Justice Lathrop said:

"The case has been nicely and finely argued. There seems to be no doubt that the shooting occurred and that death resulted. Looking at the case from all phases, the court can hardly feel that respondent would be justified in taking such action under those circumstances as to cause death. The court in view of these facts feels duty bound to bind over the respondent for further examination."

Justice Lathrop then announced that he would hold the respondent for the grand jury, with bail of \$1,500.

UNKNOWN MAN DEAD.

Fall River, Mass., July 12.—An unknown man about 45 years old and believed to be a weaver, judging by the implements found in his clothes, committed suicide yesterday by jumping into the river from a steamboat dock. He resisted the efforts of three railroad men to rescue him, but eventually they pulled him upon the wharf. All efforts to revive him were unavailing and his body is at a local undertaker's awaiting identification.

TELEPHONE COMPETITION.

Rutland, July 12.—An independent telephone company with headquarters at Albany, N. Y., which is understood to be the Commercial Union, is making a strong effort to get into this city. A representative of the company yesterday interviewed all of the aldermen and the mayor, and the matter will be brought up at next Monday night's meeting of the board. The company promises much cheaper rates and a better system than is furnished by the New England company.

MANUFACTURED WRENCHES.

Worcester, Mass., July 12.—Loring Coes, the oldest active manufacturer in the country, died today, aged 94 years and six months. He was an inventor and for many years had manufactured wrenches.

DRUGGISTS ON WATER.

Spent a Pleasant Time on Lake Champlain.

Burlington, July 12.—The annual boat ride which has been a feature of the meetings of the Vermont state pharmaceutical association, was held yesterday, the delegates and their ladies boarding the steamer Chateaugay in the morning and going to Plattsburgh. From that city they went by train to Danamora prison and were shown through that institution. On the return the party stopped at Bluff Point and had lunch at the Hotel Champlain. In the afternoon the steamer was again boarded and the party arrived in Burlington at about five o'clock.

A pleasant feature of the occasion was the presentation of a handsome loving cup to F. W. Mitchell of Richmond, the retiring president. The presentation speech was made by Fred Amidon of Boston, who tendered the cup in behalf of the association. The ride brought the annual meeting to a close.

WEBB IN A RACER.

Went From Shelburne to New York at 24 Miles an Hour.

Rutland, July 12.—An automobile party consisting of Dr. W. Seward Webb and two friends from Shelburne passed through this city yesterday morning in a racing car. They were en route for New York and were racing against time on a wager. The party left Shelburne at 3:20 o'clock yesterday morning covering the distance of 61 miles to this city in two hours and 50 minutes. They stopped here a short time for breakfast. The party expected to reach New York city by eight o'clock last night and if they accomplished their undertaking they covered the 207 miles between Shelburne and that city at an average speed of 24 miles an hour.

BOY DIES WITH LOCKJAW.

Result of a Wound Received the Fourth of July.

Randolph, July 12.—Clarence Prince, the 14 years old son of Mr. and Mrs. Edmund J. Prince of South Randolph, died yesterday at the Randolph Sanatorium after a few days' illness with lockjaw. July 4 the lad fired a blank cartridge into his left hand, the wound entering the hand. At the time it was thought to be only a slight wound, but on Monday night he was taken sick and lockjaw developed. He was taken to the sanatorium Tuesday and everything possible to save the child's life was done, but his condition was so serious that he failed steadily until the end at noon yesterday.

AGED MAN'S RECORD.

Jeffrey Rice, Aged 96 Years, Walked a Mile Yesterday.

East Highgate, July 12.—Jeffrey Rice, aged 96 years, walked from his farm to the village yesterday, the distance being about one mile. Mr. Rice is a little feeble and partially deaf, but for the past year has been in remarkably good health.

E. church, Sunday afternoon, July 15, at 3 o'clock. All who are interested in Sunday school work are cordially invited to be present at this conference.

It is expected that Mr. Fuller will also speak at one of the local churches Sunday evening, and at Westerville in the morning.

NEW INDUSTRY FOR BELLows FALLS.

Bellows Falls, July 12.—The Simons, Hutch & Whitten company of Boston has decided to locate a large manufacturing factory in the island house at Bellows Falls. This is one of the strongest companies in New England supposed to be backed by two or three millions. Work in the local factory will be begun as soon after August as possible. It is said that 25 or 30 machines will be installed at first and the company guarantees to give its employees 50 weeks of work each year. It is understood that the factory will run a ten-hour day with Saturday afternoons off. All work will be piece work, the factory will be a union shop and union prices will be paid. All goods manufactured will carry the union label. The scale of wages paid there will be the same as is paid in Lebanon, Brattleboro, Keene and Boston.

COMMITTEES
DO NOT AGREE

Over Dispute In Local Granite Industry

HOPE FOR SETTLEMENT

Manufacturers Decide to Turn the Matter Over to Their National Body—Macchi's Men Still Out.

The difficulty between the granite manufacturers and the cutters, which was brought to a head by the action of the Z. Macchi company's employees in leaving that shed because a member of the firm, who had not been a member of the union, operated a surface-cutting machine, is still unsettled. Strong efforts are being made, however, to reach an agreement. A conference between committees of the two bodies yesterday afternoon produced no definite results, and the manufacturers decided to turn the matter over to their national association.

The committees of the two organizations met in the rooms of the manufacturers yesterday afternoon at half past one o'clock and discussed the difficulties in a friendly way. Arbitration was considered and then the proposition was advanced by the manufacturers that the dispute go to the national bodies, with the men to resume work at the Macchi shed and the member of the firm to continue on the surface-cutter meanwhile. This did not strike the cutters' committee favorably. Adjournment was taken for supper and the matter was brought up again at seven o'clock.

On the resumption of the conference in the evening the matter was thrashed out again and by the time the manufacturers' meeting was called things had not taken definite shape. So altogether there was not a satisfactory ending. Both committees, however, agreed to hold themselves in readiness for a call for another conference. For a time, at any rate, there is no likelihood of the difficulty involving the entire granite industry of the city. The employees of the Macchi shed, still out today, and unless a tentative agreement is made, they will probably remain out until the matter is finally adjusted.

CHARLES KIRKLAND.

Died This Morning Following Sickness With Appendicitis.

Charles Kirkland died this forenoon at nine o'clock at his home on Beckley street after a short illness. After a slight indisposition he was taken quite sick last Friday night, but it was not
